It was a rough week for Madison high school's baseball squad. After winning two of the first three encounters, Francis Dan's team ran into trouble, stumbling paths by three opponents and dropping 5-2, 10-9 and 13-3 decisions to Bethalto, Cahokia and Peoria, respectively.

The three losses on this successive afternoons this week dropped the Midwestern Conference leaders, the Trojans a 2-4 record.

Combined On 4-Hitters

Belleville's Tom Tippett and Fred Harvey combined yesterday afternoon to pitch a 4-hitter. The Maroons pasted two Madison hurlers for 12 hits in the only game the Trojans played at home this week.

The contest went only six innings after Belleville pushed across its final two tallies in the top of the fourth and fifth. Madison scoreless in the last half

game to take advantage of the ten-run rule precept. The Trojans stayed close in the early going with runs in the first and two more in the third.

Madison will get the weekend off, and then begin another grind against Peoria on Saturday in three days, beginning Tuesday in Highland. The squad will be on the road Wednesday and Thursday against East St. Louis

and Friday.

His Eye Divided

Madison matched Bethalto's hit total with five safe blows Monday, but Civic Memorial's Don Florini whiffed 15 Trojans as the Eagles dealt Madison its

Granite City JV's Nose Out O'Fallon 2-1 At Five-Hitter

Granite City's baseball junior team nosed out O'Fallon two runs in the third inning and held on for a 2-1 victory over visiting O'Fallon yesterday.

After Larry Corry had allowed only three hits and one run for six innings, he was taken out when the Maroons came up with four singles in the top of the seventh. Grant Takmajian came in and struck out the side to end the game.

O'Fallon had five hits and one run for Granite City. The Warriors scored when Tony Mance doubled in two players who had reached base on errors.

Ervin Hurt

Frank Hidde and Ken Griggs touched Florini for singles, but only other hits by Madison during the game. Georgeff fanned four and issued two passes.

Florini walked three. The Maroon fielders again put up the pitching staff in hot water by committing five miscues.

The Maroons' crew beat Cahokia 10-2 in the following afternoon, 9-7, in a contest which went into extra innings before the Comanches picked up their third successive win of the season, 10-8.

Four Madison hurlers worked in an effort to get the Trojans back into the conference baseball race, but Cahokia put the finishing touches on the bottom of the eighth to erase a 9-8 Madison lead and drop the Big Green to an even .500 in MVC play.

Hidden in this time, Madison relieved, gave up the tying and winning runs and took the loss.

He was preceded on the mound by Cal Jackson, who started, and finished the fifth and sixth.

Geoffrey pitched in the fifth and sixth.

The Trojans saw a 3-0 lead evaporate when the Comanches pushed across five tallies in the fifth frame. Both squads scored

twice in the fifth, and the Dantons took one final shot at a victory with three runs and an 8-7 lead in the top of the sixth.

Two Motorists Arrested

Two motorists involved in an accident Tuesday afternoon at 23rd and Iowa streets were arrested by Granite City police. Tom Tate, of Economy Farm, Ky., who was traveling west on 23rd street, was charged with failing to observe a stop sign; while William Paxton, 19, of 3510 Terra Lane, Iowa, was charged with operating a motor vehicle without a driver's license. Both men were fined on cash bonds.

HE AROSE

The importance of Easter lies in the fact that Christ rose triumphantly from the tomb. By accepting Christ, we, too, have victory over death.

"... I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live." John 11:25

Encyclopedias Given To Korean Orphan

E. W. Cooley, master of Granite City Lodge 877 AF & AM in 1917, was the oldest among 36 who will be honored at the 48th annual Past Masters' Day at the Masonic Temple Saturday at 1 p.m.

Over 400 members and visiting Masons are expected to attend and honor the past masters. The affair will begin with a work in progress Mason degree shortly after 2 p.m.

Myron K. Lingle, state junior grand warden of the AM, will speak at the dinner scheduled for 5:30 p.m.

John Tate's band will provide dinner music.

ENCYCLOPEDIAS for Korean orphan adopted by the YMCA Teen Town were mailed this week to Suh Ok Jin in Seoul. The Teen Town has sponsored the Korean girl for the past two years. The bundled volumes are shown by, left to right, Bob Summers, Teen Town council president; Linda Toburen and Kathy Straehde, council members; and Don Mega, assistant teenage director at the YMCA.

YMCA Teenage Director Miss Pat Meggins, a member of the council, feels that the set of encyclopedias will aid the girl in learning the English language.

A car driven by Billy E. Kingsley, 27, of 2141 Lincoln avenue, collided with the rear of a car driven by Mrs. Mabel V. Garrison, 31, of 1431 Third street at the intersection of 12th street and Madison avenue at 6:30 p.m. Tuesday. Both vehicles were turning east on 12th street, according to Madison police.

Callbacks Hinder Census Takers, Count Continues

Although the Census Bureau has set next week for the second stage of the decennial project, crew leaders in the Quad-Cities are dreading it if they find callbacks.

The second part of the census, called a "nudging up" operation, is primarily concerned with getting detailed answers about the American people that the regular questionnaires did not elicit. Each time a enumerator finds a household, what time the census taker would return.

"Another time one of our enumerators has to travel 20 miles to make a callback," Mrs. Pier said.

Old Map Confusing

Answers problem, at least for Mrs. Pier, is confusion among census takers about who should enumerate which home. Old maps are a major cause of this week.

"The bureau must not have realized that some houses have grown tremendously in the last 20 years," Mrs. Marshall said. "One area where we are having trouble getting finished is a new subdivision ten years ago."

Calls from the big problem facing the census takers are callbacks.

All three crew leaders declared that if more people would be home the census could go faster.

"People are not home when their names are in the mailbox when they leave the house it would be a great help," Mrs. Marshall said.

"The bureau has to have a map of the entire town to know where each house is located," Mrs. Pier said.

In each case the crew leader said it was possible to finish this week but doubtful.

Worthen Answers City Manager Questions

Answers to questions put to Granite Cityans circulating petitions asking the city government to be split into five-member councils were supplied this week by James "Red" Worthen, who said the movement to get the proposition on ballot was a good idea but has set a deadline of May 1 for securing between 2000 and 3000 signatures to present to the county commissioners.

The question asked most often, Worthen said, concerns the hiring arrangement for a city manager. He explained the city manager is not an elected official but a city manager can be appointed by the mayor and two aldermen under the present mayor-council form of government.

Worthen also is explaining to the petitioners that "blue ribbon" states of candidates are named to serve five-member councils and serve for four years.

With a change to city manager government, the salaries of city clerk, treasurer and a superintendent of streets would continue to be paid \$75 a month, \$25 for each of three regular sessions, elective.

Debbie Lampe, Infant Daughter, Dies Tuesday

Debbie Lampe, six-month-old daughter of Mr. and Mrs. Myron Lampe, 2904 Kirkpatrick Homes, died at noon Tuesday, six hours after being born at St. Elizabeth Hospital. The father is an airplane mechanic at St. Louis.

The infant also is survived by two sisters, Diana and Janet Lampe who are at home; maternal grandparents, Mr. and Mrs. Joseph Fred Holland, paternal grandparents, Mr. and Mrs. Adolph Lampe of Granite City; and great-grandmothers, Mrs. Karl Lampe of Granite City and Mrs. Henrietta Sieb of Marine, Ill.

Services were held Wednesday. Other details are given in today's obituary column.

Mrs. Moran Graduating At Olin Nurse School

Mrs. Lee Ann Moran, 2208 Orville avenue, will graduate in June from the W. F. Olin School for Practical Nurses in Alton. The ceremony will take place at the Alton High school auditorium.

Mrs. Moran received a scholarship for nursing from the Veterans of Foreign Wars Auxiliary. She is a member of the Auxiliary and last year held the office of treasurer in the organization.

Before entering training she was a nurse aide on the medical floor at St. Joseph's Hospital. She has granted a leave of absence for the year's training and plans to return to the local hospital after graduation. She served a four month period at St. Joseph's Hospital in Alton.

Roca Club Plans Easter Activities

Members of the Roca Club, young men's organization, are getting ready their plans for an Easter egg hunt on the grounds at Greenville Lake Sunday at 1:30 p.m.

The club also plans to raise funds with an Easter car wash at two locations in Granite City tomorrow and Saturday. Sites of the car washes are at 2900 Madison Avenue. Club members set times for the car washes from 10 a.m. to 3 p.m. on Friday and from 9 a.m. to 4 p.m. on Saturday.

During its meeting Tuesday night, the club accepted Gary Johnston as a new member, and John Schmitt as a new member Tuesday. Tentative plans for a bake sale were also discussed.

Cold Weather Accounts For High Fuel Bills

If gas bills were high in March, especially for those homes which have been raising money for the weather, according to E. G. Schmitt, Illinois Power Co. local manager.

Statistics by the company show that in March, with the coldest in 75 years with an average temperature of 31 degrees, or 30% colder than normal.

The cold was accompanied by windy weather, a condition that causes furnaces running, Schmitt said.

During its meeting Tuesday night, the club accepted Gary Johnston as a new member, and John Schmitt as a new member Tuesday. Tentative plans for a

bake sale were also discussed.

15 Retirements, Resignations In School System

Fifteen retirements and resignations were approved by the Granite City school board Tuesday night. Certificates of commendation will be presented to those with long periods of service to the school system.

Those leaving at the end of the current term will include Miss Ruth Johnson, second grade teacher; Mrs. Helen Kopp, teacher, before marriage to the Granite City Kiwanis club Monday night at the Elks club.

Kopp, introduced by Fredard Prindiville, High school teacher, said that Granite City district began

earlier than many schools to

correct bad reading habits and poor reading in general. He

said that the percentage of

reading weakness in local grade

schools is higher than the na-

tional average by some 50%.

A remedial reading program is scheduled to go into effect in the Granite City

system.

When there are problems, as

shown by teacher referrals of

poor reading, reading tests and

school grades, the causes often

are overcrowded classrooms and

the lack of teacher time for

the individual student, Kopp said.

Other contributing causes, he

continued, are sometimes started in school at too early an age, and that

the homes of some do not con-

tribute an environment conducive

to good reading habits. Too many family activities, or too

much radio and TV can cause

an average child to be a slow

learner. Local System Begins Early

Some schools wait until the

child's reading problems can be

diagnosed, Kopp told the Ki-

wanis, while others begin

tests earlier, before conducting

tests. Granite City schools,

where there are four remedial

reading teachers, begin work

with the slow reader as soon as

the trouble is noticed, he said.

Remedial reading is taught to

children with an IQ of 90 or be-

low, and even average students

IQ of 90 - 120, sometimes fail

to learn to read properly,

Kopp said. He feels that 90% of

education is dependent on the

ability to read.

Different problems are en-

countered in teaching a child to

read, Kopp said. Slow reading

and inability to comprehend

what is read are the more common problems, but

remedial reading instructors

sometimes run up against what

Kopp called "mild retardation."

If a child is left-handed, he

may try to read from right

to left, and write or read from

the bottom of the page toward

the top. This, Kopp said, was

become "saw" to the child.

Kopp said he believes the

child reading need here is a

child development process where

children with reading and other

problems which affect their

school work could be assisted

under one roof.

See also: Motivate Child

Parents can also help by leading

a child in his home studies

Kopp continued, but the child

should do his own work in

remedial reading classes. Teachers

try to motivate the child by

making reading interesting to

him, and showing that it pro-

vides him with information.

Kopp said he is unfortunate

that remedial classes do not re-

ceive reimbursement from the

state. Twelve subjects classified

as special education courses do

receive such reimbursement, he

said.

Sponsor Exhibition Game

During the business meeting

it was announced that the club

will sponsor the July 21 exhibi-

tion appearance of the St. Louis

Blues and Stratford, Conn.

Bands, women's professional

softball teams. The club will

have 1000 tickets for the Wilson

Park exhibition game for sale.

Next Monday's regular meet-

ing has been canceled, and mem-

bers are asked to attend the

dent of Southern Illinois Uni-

versity.

Dr. Morris, along with Dr.

the University's Southwestern

Illinois campus, will outline

ville. The speaker will be

Earl Picklesimer, program chairman

for the meeting, sponsored by

the Edwardsville Lions Club.

There will be 2000 persons from

Madison and St. Clair counties

expected to attend the gather-

ing in Edwardsville's high school

MORE ABOUT
Huber Again President

(Continued from Page 1)

ber as president. Spangler said he wanted to ask a question. "Has there been any set policy for the selection of your president in the past?" A lot of Edwardsburgers are among the members. All are elected equally at large from the community.

"Got In A Rut"

"I know back several years ago we had one president who served for three years, and the board operation and school system kind of got in a rut. I wonder if maybe we are still in a rut now," Spangler said.

Continuing his comment, Spangler said, "We've never, so far as my knowledge, had a rural member as president. I think that should be taken care of."

Bischoff, one of two rural members, "It seems to me that the way things are, it's hard to believe I don't think the rural area has suffered," Spangler agreed, saying, "No, I don't either. Heretofore,

Spangler wanted to inject a "word of caution" on the alterning proposal, Ebanks told the board. "If we should go to a president, it would take away from the board its responsibility for selecting a president. One year we might have a good man, and the next year a bad one, and there would be no way to prevent it."

Nominees Kaseberg

"It didn't have in mind that we would set up a pattern," Spangler replied. Huber said that such policy could be considered at a later time but that the present order of business called for nomination of officers. After nominations Kaseberg and Abenroth moved that nominations be closed.

Secret ballots were cast, with Secretary Attorney Maurice Dailey announcing the result as five votes for Huber and two for Kaseberg. Board members said they believed that Kaseberg, Kaseberg, Abenroth, Bischoff and Ebanks had voted for Huber. Huber declared himself elected.

Not taking up the amount of the board secretary's salary for 1960-61, the board noted that the annual salary has been \$250 for the past two years, with Edmonds waiving the amount for the second of his two years as secretary.

Waiver Of Pay Questioned

"Can he really waive it?" Spangler asked. "I think he should take it." Dailey said, "He tried to avoid setting a precedent by waiving it at the end, not the beginning."

Abenroth moved and Bischoff seconded that the salary be \$240, payable at the close of the year. Abenroth dominated Kaseberg as secretary.

When it was informally pointed out to Spangler that Kaseberg was being considered for secretary, he said that there would be future president elections Spangler commented, "He may not be here next year."

The meeting became heated when Dailey suggested a roll call vote on the secretary position and Abenroth said it was not necessary, whereupon Spangler sharply. "The attorney said this should be done and I see no reason to question it." The roll call followed, resulting in 72 in favor, 20 against, Kaseberg as secretary.

The board decided to continue meeting at 7:30 p.m. on the second and fourth Tuesdays of each month.

Spangler advised the Press-Record that he signed a petition of Wetheren's candidacy but did not support him in the election campaign. "I told Bob Edmonds that if I didn't work for him, I wouldn't work against him," Spangler reported.

Mrs. Rose Clyde, 80, Dies of Heart Ailment

Mrs. Rose Clyde, 80, of 4112 Stearns Avenue, died of a heart ailment at St. Elizabeth Hospital at 8:30 p.m. Wednesday. She had been in the hospital four days.

A native of St. Louis, Mrs. Clyde lived in Granite City 47 years and attended a Lutheran Church in St. Louis. A son, George Clyde Jr., of Granite City, owned a business painting and decorating firm.

Mrs. Clyde also is survived by sons, Andrew, Adolph, Cyril and Dennis; three daughters, Mrs. George (Olivia) Bourbon, Mrs. Anthony (Florence) Vesel and Mrs. Beulah Humphreys of Granite City; a sister, Mrs. Anna Pfeifer of East St. Louis; six grandchildren and two great-grandchildren.

Funeral arrangements are given in today's obituary column.

**Insulting Phone Calls
To Woman Investigated**

Vulgar telephone calls made to a woman investigating who is seeking employment are being investigated, the Press-Record learned this week.

Described as a young man, the caller answered an advertisement and then began using insulting language. He had called previously, and efforts are being made to identify him.

Says Course Increases Industrial Efficiency

E. R. Castevens, supervisor of the Industrial and Technical Program at Southern Illinois University's Southwestern campus near Edwardsville has reported that a formal course in the City Steel Co., recently con-

ducted a survey in which he measured 100 different aspects of supervision techniques.

The inventory showed that the average rating for good foremen was 78.5, while students in his Granite City class rated their own performance considerably above the norm, Castevens said.

and illustrates that supervisory techniques can be taught by well qualified instructors who practice these methods daily.

Mrs. Isabella Ross, 84, Dies This Morning

Mrs. Isabella Ross, 84, of 150 West Chestnut Off-Ramp, Granite City, died at 3:07 a.m. today in St. Elizabeth Hospital. She had been ill

a month and in the hospital six hours.

A native of Scotland, Mrs. Ross moved to Mitchell four years ago from Canada. She attended the Mitchell Presbyterian Church.

Funeral arrangements are

Survivors are a son, Jack

Ross, of Los Angeles, Calif.; a

daughter, Mrs. E. J. (Christina)

Espamer of Mitchell; and several

grandchildren and great-

grandchildren.

GCHS Team Uses 5 Hits To Down O'Fallon 10-1

Utilizing only five hits, the lion's run came in the top of the fifth inning on two Warrior errors.

Although Granite City made more errors, three, than in any one game this year, Coach Joe Fedorek was pleased with the team's eight straight victories this season.

He struck out six batters and is second in that department for the year behind Dave Dumoulin.

Holder has 25 and Dumoulin 27.

Held had 10 innings pitched, while Holder has 14 hits and eight runs.

After a scoreless first inning, the Warriors exploded in the second inning with five runs.

The first two batters, Bob Hofmek and Pat Schuman, hit for pairs of base hits.

After Harry Hoffer had a wild pitch, Jerry Wallace then singled in both Schuman and Smith and the Maroons were up.

Holder reached base on a fielder's choice.

Rounding out the scoring were Bill Warner, each got a hit.

Five players each got a hit for the team.

The squad will be working hard next week in preparation for a challenge from the Cardinals on Wednesday, April 19, in Belleville.

The Maroons are led by Mel Patton.

Urgent Surgery

The following are recovering at St. Elizabeth Hospital from surgery which they underwent this week: James Rusling, 2061 Delmar; John H. Hoffer, 2063 Delmar; and a dog, a Doberman Pinscher, 2033 Aspin Avenue; Georgia Kitchen, 2309 Second street; Nora Birtley, 1666 Second street; Madison; William Crowder, 2262 (rear) Delmar avenue.

Skysteeler's Model Show Here April 30

A model show, featuring building of model airplanes built during a recent contest, a display of the various types of models flown and exhibition of building techniques, will be staged by the Granite City Model Airplane Club, Inc., at the Granite City YMCA on April 30, Secretary Art Conary said today.

The model airplane club, which sponsored during the winter months when weather conditions prevented outdoor activities, will award prizes to contest winners at 1 p.m. Saturday.

Exhibits and displays will be set up at the YMCA, and may be viewed by the public between the hours of 1 p.m. and 8:30 p.m.

Bledsoe Gets Wrestling

News from IFL

Granite City's Jim Bledsoe, captain of Southern Illinois University's wrestling squad, was one of 57 varsity athletes at SIU to receive athletic major sports scholarship.

Fourteen letters were awarded to members of the wrestling squad, while 11 received full and 13 partial scholarships.

The Salukis won Interstate conference championship in wrestling, swimming and gymnastics and shared the basketball title with Western Illinois University.

Tennis Classes Are Rescheduled

The Granite City Tennis Club's tennis clinic program has been rescheduled on Saturday afternoons instead of Saturday mornings due to a lack of bookings, said Earl Buchholz, Jr.'s program. Alvin Barnes, president of the tennis club, said this morning:

"The tennis program, which will begin Saturday at the Wilson Park tennis courts, will not include any morning sessions, Barnes said. The classes will be held from 2 to 4 p.m. each Saturday."

Buchholz, who had previous commitments for similar tennis clinics, will be the instructor for the afternoon classes, which are open to Granite city youngsters eight years of age and up on payment of a \$1 fee.

The department had been unable to find a suitable instructor for the new facility.

Mitchell Kiwanis May Erect Street Signs

Erection of street signs in Mitchell was discussed as a possible project by Mitchell Kiwanis members at their meeting Monday night at Smith's dining room.

The nine members in attendance agreed that the commun-

ity needs new street markers, but no definite action was taken.

Also, plans for the Khouri League teams were outlined and it was announced the club would not meet next Monday, as the members and their wives will attend a special Kiwanis gathering in Edwardsville on Tuesday.

Two GC Students In State Latin Contest

Miss Judy Towe and Casey Fredericks will represent Granite City High School in the district contest at Alton Latin, June 25 and Third Year Virgil.

accompanying the trip by Latin Teacher Miss Mildred Ifrig. Miss Towe, a sophomore, and Fredericks, a junior, were given an excellent rating at the regional contest. They, along with 78 other students in the contest, were required to translate different pas-

ages of the language, according to individual advancement in the subject, and also to pass a test on Roman history. Three different phases were First Year Latin, Julius Caesar and Third Year Virgil.

Nine local students competed in the district contest. The theft of two spinners-type cubes off his 1957 auto was reported to the Granite City police by William Schieffer, 1533 Roger Avenue. He said the theft occurred while the car was parked either in Granite City or Madison.

PHARMACY SCHOOL scholarship winner Charles David Thomas, son of Mr. and Mrs. John Thomas of 1701 Fifth street, Madison. The two-year scholarship has been granted by the St. Louis College Pharmacy and Allied Sciences.

Awarded Scholarship To Pharmacy School

A two-year scholarship to the St. Louis College of Pharmacy and Allied Sciences has been awarded to Charles David Thomas, 17, son of Mr. and Mrs. Joseph Thomas of 1701 F street, Madison, according to James R. Thayer, dean of the St. Louis school.

Thomas, a senior at Madison high school, will graduate in June and will enroll in the school next fall.

The scholarship covers tuition fees for two years of study at the college of pharmacy, and is the second scholarship and the first scholarship granted by the institution each year. Thomas' father is employed at Dow Metal Products Co.

Eighteen Illinois counties preceded Madison county in authorizing the half per cent levy, and the latest list has grown to 47. There are 102 counties in the state.

The half per cent tax makes up one-seventh of the total sales tax, the same as the cities share on sales occurring within city limits. The state collects three cents on each dollar for its own treasury.

This county's revenue from the sales tax is earmarked as follows: 60% for construction of county-owned detention home; 20% for improvements to the county jail; and 20% for improvements to the courthouse.

Motorist's Bond Set At \$2000 On 3 Counts

Wayne Crawford, 25, of 2407 East 20th street, who was arrested early Sunday morning on charges of driving while under the influence of alcohol, leaving the scene of an accident and driving while his license is revoked, pleaded not guilty to all counts Monday afternoon during a hearing before Justice of the Peace George W. Thacker.

His bonds were set at a total of \$2000, including \$1000 for the driving while licensed, revoked count, for which he pleaded not guilty, and \$1000 for driving while his license is revoked.

He was released on \$1000 for April 20. The other bonds were \$500 on the DWI charge and \$500 for the same scene charge.

'Funday' For Girl Scouts At Camp Lakota April 23

A "Funday" will be staged by the Tri-City Girl Scout Council on Saturday, April 23 at Camp Lakota. The council decided during their monthly meeting Monday night at Girl Scout headquarters.

The council approved plans by its program committee to stage an event at which Girl Scouts from the sixth grade through high school will hold an all-day camp session. They will have small open campfires, fires and conduct a flag ceremony which will include the banners of all troops attending.

The event is the first of its

type planned by the council. A total of 331 Girl Scouts are eligible to attend, and troop leaders were notified this week to submit reservations to the council office no later than Friday.

Mrs. E. M. Rose, who accepted the designation of current president, Mrs. Robert Winter, who said she will leave the council full time to Girl Scout activities. She will continue as a vice-president. Mrs. Rose will serve in that capacity.

The council also discussed an afternoon training class presented by a representative of the council, and plans for a night leadership training course which will begin in May.

National Food Stores

Net Earnings Down

Net earnings of National Food stores in the first quarter of the year, ending March 26, did not equal last year's earnings, according to H. V. McNamara, president of National Test Corp.

Sales climbed to an all time high and gross profits before operating expenses increased by more than 4% over the first quarter of 1959, but increased and unusual expenses, most of which are not expected to recur, reduced net earnings plus a serious strike in the St. Louis branch were given as reasons why the company's record sales and gross profits did not result in an increase in net earnings, McNamara said.

Sales for the first quarter totaled \$161,776,036, as compared with \$165,716,037 for the corresponding quarter of 1959, an increase of \$5,960,000. Net income for the same amount was \$1,412,279 for the first quarter, which compares with net income of \$1,755,036 for the first quarter of 1959.

"Expenses and operating costs all along the line showed substantial increases in the first quarter," McNamara said. "This is in the increases in social security taxes and unemployment expense, amounting to almost \$150,000 over a year ago," the president explained.

Army Pvt. Leonard R. Kuebler, son of Mrs. Nell Holshouser, 2231 Pontoon road, recently completed his second year of training with the 2nd Armored Division's 88th Infantry at Fort Hood, Tex. Kuebler entered the Army Nov. 1, 1958, and received basic combat training at Fort Leonard Wood, Mo.

Before entering the Army, the 19-year-old Kuebler was employed by General Steel Casting.

He is a 1959 graduate of Granite City high school. His father, William F. Kuebler, lives at 2234 Waterman avenue.

Pilot Committee To Be Advisor To Bi-State Agency

The 22-member Illinois-Missouri Pilot Committee for Metropolitan Development, appointed last year by the presidents of the three major universities in the St. Louis region, voted unanimously Monday afternoon to accept an invitation to also become an advisory council to the Bi-State Development Agency.

It was pointed out that this would in no way interfere with the Pilot Committee's normal functions, as outlined at the time of its appointment by the heads of Southern Illinois University, St. Louis University and Webster.

The dual role, Chairman C. E. Townsend of the Pilot Committee explained, will be conducted mainly by existing board committees as well as the Bi-State Agency in determining area-wide problems and their solutions within the scope of the Agency's powers.

The Pilot Committee also authorized the appointment of a St. Louis regional appraisal of economic development, transportation, land use planning, water, sewage and dredging, parks and recreation, and neighborhood organization. The subcommittees will be aided by technical experts from the three universities and from private professional firms in the area.

Because of his membership on the Bi-State Development Agency, Mr. Townsend, editor of the Press-Record and temporary chairman of the Pilot Committee, submitted his resignation to the post, effective immediately, between that post and the Agency. Elected as his successor by the Pilot Committee was Fred Hunt, vice-president and general manager of the Southwest Bell Telephone Company.

Paul Opperman, executive director of the Northeastern Illinois Metropolitan Area Planning Commission, addressed the group and told of the ambitious \$1.6 billion planning and transit program he was serving while he was serving in a similar capacity in San Francisco.

OVER BACK-COUNTRY ROADS AT 45
WITH A SKY-HIGH LOAD OF TIMBER

**Chevy middleweight
shows the big rigs
how it's done!**

That's a 6303 medium-duty Chevrolet powered by a 283-cu.-in. V8. But there's sure nothing medium-duty about the load. Mr. J. E. Blankenship, Arkansas, has contracted to haul both of his timber-carrying 6303's "move along" at 40 to 50 miles per hour with 55,000 pounds gross weight and maintain a 5-trip-a-day schedule with no trouble at all." Figure the money you save when you've got a medium-duty truck that can cover 30,000 back-country miles a year with a high-tonnage load!

We've never seen anything like the amount of praise truck owners are heaping on Chevy's new torsion spring suspension. Owners like the fact the truck handles a whole lot easier, can move faster off the road when a load is on, and drives to death and shaking loose all the sheet metal. They like the idea of extra thousands of miles before trade-in... Drive a '60 Chevy just once. It's a whole new experience.

Chevy middleweight averages 200 miles of back roads a day dogging timber out of the woods and delivering it to the mill or customer, Arkansas.

Challenging Projects Undertaken By Scouts

Reviewing the scouting fair held in Venice during the weekend, scout and fair officials this week concluded that it was the most successful of the two held thus far.

The attendance of over 10,000, the largest ever at the annual Canada Mount Council fair held in Venice a year ago, and would have been still larger had not record cold weather occurred. More important, participation by scouts from all over the world in the demonstrations and displays represented more challenging undertakings.

Just where the fair will be held next year has not been determined, nor has a 1961 fair been definitely scheduled. However, most scouts expect that it will be held in Venice again, and that it will take place in June. If this is the case, it is believed certain that it will be held sometime in May to increase the likelihood of warm weather.

A scouting circus also has been discussed, and it is possible that it will be associated with the scout fair. In the circus, boys would present varied shows or performances in a "circus arena" rather than divide forces to operate booths such as was done for the fair. Lack of a stadium with 5000 more seats has delayed definite plans for the circus.

High Participation

Milton Morris, chairman of the fair just concluded, estimates participation at 35% of all cub packs in the council, with about 1000 scouts and 80% of all explorer posts. This compares with 45% participation nationally in fair of this type.

Top winners in the "pinewood derby" miniature racing car contest were Jon R. League of First United Presbyterian Church Cub Pack Eight of Granite City, Ricky Bartling, also of

Pack Eight, and Dennis Shaeffer of Collinsville Pack 88.

Irvine Pethman, Southern Illinois University student and local expert, selected David Dixon of Collinsville Troop 88 as using "most originality" in carving a small totem pole. The entry of Wohlchla of Wohlchla of Collinsville Troop 39 was rated as tops for "authenticity," and Eugene Vrenich of the Heart of Camp 18 in Granite City was chosen as Pethman as having displayed the most carving and painting skill with his entry.

Honorable mention in totem pole competition went to Western Griff Niedergibians PTA Troop 12; Herman Kovar and Paul Pofraza, both of St. Elizabeth Troop 13; Robert Jolly, St. Elizabeth Troop 46; and Prairie Eagles Troop 15; and Jim Ezell, Madison Methodist Troop 90.

Welding Demonstrations

Unusual exhibit in the exploring field included a space capsule built by Post 10 of Niedergibians Methodist Church; "Honest John" rocket by A. O. Smith Post 98; welding by Venice Boy Scout Troop 10; and a model airplane by Post Eight; a moving explorer camp by Collinsville Post 48; and Indian dancing by members of Concordia Lutheran Church Siz.

Members of the Daybreak Optimist club manned the refreshment stand under the leadership of Uncle Walter, who, with proceeds going to purchase additional canoes for use by explorers on trips based at Camp Sun-

set.

Henry Heilrich and Richard Nolan of Troop 18 directed the pinewood derby and Mrs. Lila Morris, Commissioner of ticket sales, Union Commissioner Bernard Miller Jr. coordinated the work of ticket takers and floor managers.

Vandals Break Windows At Two Establishments

Two acts of vandalism, both window breakings, were reported Monday to Granite City police.

A glass in the rear door at Joe and Irma's Pet shop, 1218 Nineteenth street, was smashed, but entrance was not gained.

A one-inch hole was found in a window at the front of the Crown Beauty salon, 2818 Namcold road. Police said it apparently had been shot in the center of the glass.

Police said Bowman was trav-

eling north on Cleveland, while

the other auto, driven by Nor-

eal Ellingson, of 2309 Cleveland

street, was traveling west on

18th street. There was damage to the left front of the Ellingson auto and to the right front of

the Bowman's auto. No injuries

were listed.

The FORUM

SAYS MANKIND WILL CONTROL POWER OF ATOM

Dear Mr. Editor:

Every week I read in your paper where someone has used that medium to express their opinion on some social question. Strange as it may seem, I'm not going to pick a fight with an old timer. My point is that a man does a creature who could, at the turn of a twisted mind, attempt to destroy us or, on the other hand, raise high above the animal level. Below is an open letter to an atom. If one could read, this is what I would say to it.

Dear Atom:

Can all of the dreams of man be compressed into you little atom, and shot into the air, only to explode and drift to the earth in smoke?

Can a creature made in the image of God and possessed of a soul be destroyed in one of your fiery blasts?

Can the centuries of knowl-

edge and light be blended with you, the particle, and the de-arranged forces? You are not small one. "Would be better if you had not been found unless my countenance can be clothed with perils instead of the war-like ones?"

Little atom, put down your weapons of world conquest, come to me and let me judge who is to master who discovered you.

Respectfully,
Gerald D. Ezell

Dear Neighbor:

Spring has been holding back. It has been cool and warm the weather has been changeable.

Bulah and I have seen some sparrow hawk in the caprice of the weather.

Our garden has been beautified by the appearance of some flowers, including tulips, in sprouting in many colors. A few weeks ago we noticed some green heads pushing their way through the hard crust ground.

Then slowly but surely the buds appeared and then the blossoms and then beauty. We are still busy working, not to see the full bloom. We had expected that with the warm weather there would be full bloom. We noticed a family of birds down here. The birds have not hidden their nests. They have been left to the elements. Life is like this. We are rebuffed. We become

We are upon the Easter Season. Throughout the winter we have seen beauty in the bare trees and bare of foliage. The birds have not hidden their nests. They have been left to the elements. Life is like this. We are rebuffed. We become

dispirited. Hope seems so far away. We have lost the sense of Divine imperative. We have left all to chance. Yet . . . God begins to speak. The Easter season is the time when God says there is Hope. All is not vain. There is a brighter day ahead. Life has meaning. Life is real and God's love is real. This is what really counts. Easter is the season which says to us, "I came that they might have life, and that they might have it abundantly." May God continue to bless you.

PAUSES SCHONLANK FOR COMMUNITY SERVICES

Mr. C. E. Townsend:

I would like to use the forum to pay tribute to a man who is leaving Granite City.

The man I refer to is Mr. Roderick Schoenlank, who served for years as Executive Director of the Chamber of Commerce, Executive Director of the United Fund and was very prominent in Granite City receiving the All-American City Award.

Of all Mr. Schoenlank's accomplishments these two stand out most. Through his forthright manner, he was able to bring about a closer understanding between the organization he represented and the City Council, who represents the people. Also, his memorable presentation of the Candidates for the All-American boy & girl Scout of the year.

He showed genuine pride in introducing each, as if they were his own.

Schoenlank has accepted a position as Executive Director of the United Fund of Greater Muskegon, Michigan, an area with a total population over 100,000.

He will be succeeded by Mr. Alvin L. Townsend, a former member of the PTA leadership training course in parent education.

The course was so educational, interesting and thoroughly rewarding to those who participated that I certainly hope it can be repeated for the benefit of many other parents interested in their children's and their own education.

Granite City is indeed fortunate in having the services of these fine people. Sue Hart, Kristen, Edna Lee, Harry C. Wood, M. A. Wittevrongel, Jerry Sizemore, Mrs. Alva Brazier and Edwin Wagner.

ST. LOUIS BAPTIST SCHOOL OFFERS ELECTRIC HEATING COURSE

A class of 30 Monday evening sessions of an electric heating school for industrial personnel in the Quad-City, West River and surrounding areas. Collinsville area will be sponsored by Illinois Power Co., headed by manager E. G. Schmidt.

The first session of the school will be held next Monday at 7 p.m. in the company's service area building at 22nd and Adams streets. The heat school will be placed under the Industrial Education Council to meet the needs of industry for information on the application and use of electric heat in industrial processes, according to Schmidt.

DECORATED BY KING Norodom Suramarit of Cambodia is Lou Kristofek, known in Madison as Louis Popovsky, during a recent overseas tour he made with a dance team.

Visits 11 Lands

Former Resident Returns From Overseas Dance Tour

A former Madison resident, now a professional dancer, has just returned to America after spending the last six months

including folklife and modern dance.

All billings were set up through the help of individual

consulates in Greece, Lebanon, Iran, India, Pakistan, Thailand, Cambodia, Singapore, Korea and the Philippines and the Islands of Hawaii and

Popovsky, although living in Madison, was in the Granite City schools, districts and communities before entering the Navy. After completing his term in the service he attended Northwestern University where he was graduated with a degree in speech.

His first work was in Chicago television where he appeared on the "Chicago Journal" and "Dinner Show".

After a year in nightclubs, Popovsky went to New York and performed on television shows before the recent tour.

Extensive Repairs Underway On Oil Streets In GC

Repairs to oil streets severely damaged by the winter's heavy snows and thaws have started this week by the Granite City street department with the first operation of its secondhand plow.

Streets of Street William Warfield said the work done now will prevent further damage to the oil streets during the rainy season prior to the regular summer maintenance program.

Warfield said damage to the center of the oil streets is not too extensive, but the edges of the streets have been leveled by the snow and ice. "If we can't mend them and prevent further breakup, then we should be able to repair them," he said.

A meeting of the public relations committee is scheduled at 4 p.m. Friday, according to Chairman B. E. Hohlt.

The head of the house may be a big gun at the office, but at home he's just a pop gun.

Warfield estimated the pay increase for street workers will amount to \$8000 to \$9000 for the year.

"Rather than buy new equipment, we thought it would be better to concentrate on getting the streets back into good condition," the street superintendent said.

The use of the oil spreader is the first since it was purchased three months ago. Warfield said the truck cost \$10,000 and was just secondhand and that it was just replaced.

The truck is being used to spread liquid asphalt on broken sections of streets, such as sections of Adams street, Center street, Johnson road and Washington.

Warfield estimated the city is carrying out the repair work at a cost of about \$1700 to \$1800 a month, depending on what we have to cut out.

"We are trying to save the manholes and keep the manholes and keep from spending double to rebuild them entirely."

The superintendent said the anticipated spending during the next fiscal year, which starts May 1, by not buying any new equipment, is \$22,000. An estimate of \$22 monthly pay increases for each city employee starting May 1, the amount of the anticipated cut will be \$8000 to \$10,000.

About This Question

Cars are more expensive, more powerful and more numerous each year. Auto accidents are more frequent and damage claims are higher. Does a \$50/100,000 auto liability policy cost only a few dollars more than a \$10/20,000 policy, and give really adequate liability protection?

Army Recruiter Says Airborne Enlistment Up

Sgt. Donald Laird, local recruiter and information bureau on service in the U. S. Army, says that young men, who seek glory in hard physical action and thrill to adventure in the skies, are enlisting by the hundreds in the Air Force.

"This is like it so well," he adds, "that many have formed Sports Parachute Clubs and Sky Division Teams so that they may jump off aircraft often."

From the first day of the four-week Airborne basic training course at Fort Benning, Ga., there's always a feeling of excitement among trainees, jumping these cam-rods straight, name drawn together from all sections of the country and all walks of life.

Those who have already trained are one for all and for one. To them, jumping comes as naturally as breathing and they get along with their parachutes like hand eggs. Paratroopers receive \$35 a month additional pay.

"They begin by jumping a distance of three feet," the recruiter says. Qualifying instructors watch what their every move looks like to make sure that they know how to jump safely and land well. With the exception of the 101st Airborne Division, known as 'Screaming Eagles', and the 82nd Airborne Division, known as 'Air American', Divisions pride themselves in the fact that they consult the chaplain of their church when they have personal problems just like other young Americans.

"But make no mistake about it," Sgt. Laird said, "the U. S. Army Airborne is rugged but it's definitely not all work and no play. Trainees have plenty of off-duty time and 30 days vacation (leave) each year. Call or visit the YMCA for further information.

It's impossible for people to master all their resolutions, but they can emerge with a good average.

\$19,792 City Sales Taxes In January Set New Record

Local municipalities netted \$19,792 in city sales tax revenue for January, establishing a new mark for the month.

The three city treasuries received \$18,603 for January 1959; \$17,178 for February 1958; and \$17,178 for January 1957.

The latest January total of half per cent levy went into effect in the Quad-Cities Feb. 1, 1956.

The January 1960 revenue

amounted to \$15,499 for the city of Granite City, \$3279 for Madison and \$1014 for Venice. Both figures are new January highs, while the city of Venice netted \$1077 for January 1957 and \$1077 for January 1958.

The latest January's total increases the three municipalities' receipts during the four-year period to \$307,525.

City Manager Election Would Resolve Long-Standing Question

The managerial form of municipal government is neither new nor perfect, just as the mayor-council and committee form have both advantages and disadvantages. What is important, however, is that Illinois voters can easily participate in an election on the proposition of retaining or changing their existing city governmental structure.

City manager government has been a very live subject here for a number of years. In fact, a special study committee was appointed prior to the last mayoral election with its report submitted to be submitted after that election, although it was never actually completed. Now, a move has been started to obtain enough petition signatures to have an election on converting to manager government.

The managerial system has merit to command it. It is true that this form of government is only as good as the people make it, and that no single system can provide a panacea for all government ills. Chief advantage of the city manager system is that it places time-consuming administrative functions of the city government in the hands of a professional, full-time administrator. Choice of an elected council and mayor, the manager has the duty of carrying out the wishes of the people in an efficient manner.

With petitions currently being circulated in Granite City, the Press-Record hopes that sufficient signatures will be obtained to place the proposal on the ballot. This will be a timely opportunity for all to be well as ample opportunity for full public discussion and airing of "pros and cons" in advance of the actual election. Prior to such an election, this newspaper will present informative articles dealing with the subject.

It is too early to tell whether city manager government will receive the support of a majority of Granite City voters. But signing of the petitions, detailed discussions and a vote on the proposal are in order. Citizens and taxpayers have nothing to lose and possibly much to gain by getting the opportunity to go to the polls and vote on managerial government.

A criticism sometimes does an individual more good than a compliment.

Safety Program Lowering Death Toll

On Illinois Streets, Highways

The fact that 105 persons were killed in Illinois traffic accidents in March hardly sounds like good news, but it is a significant total — the lowest toll for the month since 1945.

The March figure is 24 less than in March 1959, and this year's total to date is 100. These compare with 346 deaths reported in 1959. "The 7% reduction under a total that was itself a record period of life saving is a tribute to the intensive efforts of our state police, in close cooperation with local authorities and the public in general," Gov. Stratton said in making the announcement.

The latest figures show that for the past four consecutive years there is a wealth of notice in view of continuing increases in traffic and the number of drivers. It seems clear that the state's intensified traffic safety drive is one of the main reasons.

IN MOBILGAS ECONOMY RUN —

RAMBLER AMERICAN CUSTOM WINS OVER ALL COMPACTS WITH 28.35 M.P.G.

Rambler wins again! Under official USAC supervision, a Rambler American Custom set a record gas mileage of all cars — 28.35 M.P.G. in the 17th running of the Mobilgas Economy Run. All cars were equipped with automatic transmission—and were chosen at random by USAC officials from dealers' showrooms or factory assembly lines.

No car owner should expect to match in everyday driving the mileage achieved in this test by Rambler or any of the other cars. However, this test provides additional proof that Rambler delivers best gas mileage wherever you drive.

Easter Season Brings Renewal Of Life And Faith In Future

Easter, the principal ecclesiastical event each year, will be observed with deep reverence by Quad-City congregations on Sunday. The Easter service events, including Morning, Thursday and Good Friday services, coincide with the observance of the Jewish Passover, commemorating the sparing or passing-over of Hebrews in Egypt.

Easter gets its name from Eostre, a Teutonic goddess, whose festival was celebrated in the spring. Her name is given to the Easter egg, the ecclesiastical legend relates, it was she who opened the portals of Heaven to receive the god of purity and light.

A symbol of resurrection of Jesus, Easter is intertwined with customs and observances going back several centuries in history. Christians have utilized these traditions to colorfully carry out the festival of rebirth.

For example, the Easter egg came to be associated with the holiday because eggs at one time were forbidden during Lent but could be served again beginning on Easter Sunday. But egg customs date back to Egyptian, Greek and the Greeks and Romans eggs annually in their spring festival. Eggs have long since been associated with the theme of new life symbolized by the coming of spring.

It is appropriate that Easter and the Passover occur in the spring, when the renewal of life is apparent in every meadow and lawn, in every tree and flower. The religious services bring a message of all hope, inspiration and faith.

You can go a long way if you are interested in other human beings.

Emphasis On Quality In Education From Early Grades Through College

The need for broad and intensive education is receiving increased emphasis and has been reflected by several news articles this spring.

General interest in scientific research and school's experimental efforts has led to participation by 51 Quad-City students in this year's area science fair competition. At the same time, a greater variety of scholarships are being made available to high school seniors, such as the \$4000 United Steelworkers scholarship won by the son of a Dow Metal Products Co. employee.

Its local students have earned state scholarships as part of the stepped-up program of the Illinois Scholarship Commission, and many currently are in state universities on previously awarded scholarships. For example, there are 57 Madison county students currently enrolled in one month teachers college, the highest number of any state. While the importance placed on quality in education and the demand for teachers, a great many grants are being given and virtually all prospective teachers who ranked in the upper half of their graduating class can save at least \$600 toward tuition fees over a four-year period.

The chairman of the faculty in teacher education is eager to obtain not only a college degree but a solid, meaningful education during the 16 years of elementary, secondary and college courses. There are indications that local students are accepting this challenge and are receiving helpful aid in meeting it.

**MHS Speech Students
To Stage Talent Show**

A tour of off-Broadway night spots will be the theme of the annual Madison high school speech department's talent show, which will be presented under the supervision of speech instructor Edwin Barton in the high school auditorium at 8 p.m. April 11.

The production, which is to be combined with a spring fashion show, includes vocal solos, duets and ensemble numbers, a dance acts, music by a 12-piece dance band, and varies from a rock-and-roll number to excerpts from "Rhapsody in Blue" back to a bustin' duet, according to Barton.

The audience, with the help of a guide and two protégés, will see two night clubs in Manhattan, a beauty salon in Greenwich Village and an exclusive country club on Long Island, where the fashion show will take place.

Tickets, priced at 50 cents

Gross Fire, No Loss

Granite City firemen from the downtown station were called to a vacant house at 1725 Park avenue about 10 p.m. Monday to extinguish a small fire which was spreading to a fence. No loss was reported.

Archaeologists Testing Mounds Near Mitchell

Preliminary tests on prehistoric Indian mounds and a village site near Mitchell will start the weekend under the supervision of James Porter of the Southern Illinois University Museum staff. The work will be under the federal's-t-a-t-e highway archaeological salvage program.

Dr. Melvin Fowler, SIU Museum archaeologist, said the tests near Mitchell are to determine the amount of excavation needed to save artifacts from destruction from the site which faces destruction in a forthcoming road construction program for By-Pass 40 and 60 highway.

The testing also belongs to the Mississippian cultural period to be explained and may be related to prehistoric habitation of about the same period in the Cahokia

DINNER FOR CLASS

The Progressive class of Second Baptist Church was entertained Tuesday night at regular meeting, and pot luck dinner at the home of Mrs. Leacie Meadows, 2214 Dewey avenue.

Business was conducted, and Mrs. Ruth Clark gave the opening prayer, and it was decided to send Easter baskets to shut-ins.

Members present were Mrs. Mildred Crisman, Mrs. Alice Hoffman and a devotional was given by Mrs. Ethel Shewer. Three new members were welcomed, Mrs. Alay Richards, Mrs. Alice Hoffman and Mrs. Delcie Scherrills.

The opening prayer was given by Mrs. Ruth Clark, and Mother's Day cards to shut-ins for Mother's Day were sent to the church by Mrs. Mildred Crisman.

Others present were Mr. and Mrs. Fred Boggs, Mr. and Mrs. Art McMillen, Mr. and Mrs. John Dillman, Mr. and Mrs. George Mitchell, Rev. and Mrs. Ralph Craycraft and son, Tom Barnes, Mrs. Mildred Crisman, Mrs. Dorothy Partney, Mrs. W. L. Shewer.

The birthday of Miss Ruth Ann Showers, Mrs. Gladys Douglass and Mrs. Meadows were recognized, and they were given gifts from the class. The theme of the time was spent socially.
